# Umbrella Approved Supplier List

As an organisation that engages with a large number of contractors who supply their services via an Umbrella company (“Umbrella”), we have put together a list of Umbrellas who have gone through our due diligence programme.

## Approved Supplier List

There are many operating structures in the market and we need to ensure the Umbrellas we engage with operate compliantly. All of the Umbrellas whose details we have provided below are FCSA Accredited. The FCSA is a membership association for Umbrellas that ensure their members undergo a comprehensive review of their business services, operations, policies and processes by means of an extensive questionnaire and online assessment.

For more information on the FCSA please visit: [www.fcsa.org.uk](http://www.fcsa.org.uk)

These details are not meant to constitute any form of advice and we strongly recommend that any contractor wishing to provide their services via an Umbrella takes independent legal and financial advice, conducts their own due diligence and speaks with several Umbrellas before selecting one from the details provided, to ensure their individual needs are met.
